CROWN POINT NEWS

Happenings Of A Day In Lake County's Lively Capital.

The International Trust and Savings Bank of Gary has been appointed the guardian of the estate and person of Orpha Opel of this city who has been declared to be unfit to manage her affairs. Her estate has been appraised at about \$10,000 and relatives have asked that a guardian be appointed for her. The case was tried in the Circuit court and later taken to the Superior court at Gary.

Friends of Mrs. Blanche Trelease, who has a class in vocal music in this city were pained to learn on Wednesday of the death of her husband, John Trelease, the body being found in Lake Michigan, after he had been missing for several days. He was suffering from a nervous breakdown and friends fear that he either fell or threw himself into the lake at Evanston where he had been with relatives.

Co. Auditor A. H. W. Johnson and family left today for a vacation trip to Grand Rapids, Michigan. The trip will be made in their Hudson car. Mrs. Bronson will accompany them as far as Michigan City where she will visit relatives. The Johnsons will meet friends from East Chicago who are spending the summer at Grand Rapids.

Thomas McCay, who has been spending the past few months in Montana, with his sons, has returned to Crown Point his health being rather poor and he wished to be in touch with his physician.

Mrs. Thomas Woods of Chicago, is expected here in the latter part of the week to visit with Mrs. Jacob Houk for several weeks.

The funeral of Mrs. Wilhelmine Wilkening, wife of the late Christopher Wilkening, who died at the home of her daughter, Mrs. Wm. Groger, was held on Thursday afternoon. Mrs. Wilkening was 80 years of age and has been a resident of Lake County for many years. She was the mother of eight children, all of whom survive.

Miss Via Hall will spend the next two weeks in Chicago visiting at the home of Dr. and Mrs. Marlin. This is her vacation period.

MARRIAGE LICENSES

Tony Mroczkowski, East Chicago; Mary Mroczkowska, East Chicago; William J. Gardner, Indiana Harbor; Hazel Mroczkowski, Indiana Harbor; Homer Dell Mroczkowski, Indiana Harbor; Philip Marmolejo, Matilda Mares, Indiana Harbor; Herbert Montgomery, Delosena McIntyre, Gary; Edward Pierce, Gary; Bessie Smith, Gary; Andrew Swinski, Hammond; Mary Lech, Hammond; Clarence P. Veach, Gary; Stella K. Vickray, Gary; John Krol, Hammond; Katie Wojciechski, Hammond.

Times news service is the best that money can buy and honest effort can furnish.

WOMEN DEPEND ON TENNESSEE

(INTERNATIONAL NEWS SERVICE) NASHVILLE, Tenn., July 14.—It is now up to Tennessee to make a "perfect thirty-six" in the ranks of states ratifying the suffrage amendment, now that Gov. Clement, of Vermont, has refused to call a special session of the legislature of that state to ratify.

The legislature will be called in a special session August 9, by Gov. Roberts. One of the purposes of the call will be the ratification of the Susan B. Anthony amendment. A preliminary poll of the legislature taken by various newspapers shows that suffrage will have splendid chances of passage.

Forces of the anti-suffrage group are already busy at work attempting to stop the ratification. Legal action directed at the authority of the session to ratify has failed, when the injunction proceedings brought by the American constitutional league before the supreme court of the District of Columbia were dismissed by Justice Bailey, of that state.

A delegation of leading suffragists of the national woman's party will visit Gov. James M. Cox, democratic nominee, in Columbus Friday, to urge his efforts in aiding Tennessee ratification.

HOW MUCH GAS ACROSS CONTINENT?

Automobile Industry Keenly Interested in 3,300 Mile Economy Contest.

To determine for the automobile industry and the motor buying public

SIMPLE WAY TO END DANDRUFF

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then destroy it entirely. To do this, just get about four ounces of plain common liquid arvon from any drug store (this is all you will need); apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign of dandruff of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Adv.

The comparative merits of the light weight car as regards its stamina and economy in a continued run of 3,300 miles with a relay of 25 drivers at the wheel, a transcontinental economy run will be started from New York at midnight, Sunday July 18th.

The car will travel day and night continuously until at the end of the journey it stops its way down Market street in San Francisco. Every gallon will be accounted for.

The journey is a careful and consistent checked tally will be kept of the oil

and gasoline used to determine a national measure of economy and stamina for the light-weight motor car.

For this unusual economy demonstration, a stock Overland on Times Square will be used. W. L. Brown, manager of the New York branch of

of Willys Overland, will start the car on its westward way with a branch employee at the wheel.

INSURE YOUR EGGS

(National Crop Improvement Service) THE rooster does not help the hen to lay. He merely fertilizes the germ of the egg. The fertile germ in hot weather, quickly becomes a blood-ring, which spoils the egg for food and market. Summer heat has the same effect on fertile eggs as the hen or incubator.

"The farmer could make more money and the public could enjoy cheaper prices by observing a few common-sense rules," says Mr. Frank Baackes, V. P. American Steel and Wire Co. "After the hatching season, cook, sell or pen your rooster, and your hens with-

out his companionship will produce infertile eggs—the quality which keeps best, and therefore can be marketed to better advantage.

Here are the simple rules:

1. Keep the nests clean. One nest for four hens.
2. Gather eggs twice daily.
3. Keep eggs in cool, dry cellar.
4. Market at least twice a week.
5. Swat the rooster.

"It is said that forty-five million dollars' worth of eggs go bad every year and one third of this huge sum may be charged to the rooster. Why not apply factory economics to egg production?"
